WRITING
 Time: 30 min

This is a part of a letter you have received from your British friend, Alice:
At the weekend we went on a bus trip to London - it was wonderful! Tell me about a Russian city you have been to. What kind of town would you not like to go to and why?

Write a letter answering your friend's questions.

Do not forget to:
 greet your friend
 ask her questions about her trip
 tell him about a city or town you've been to
 tell him about a town you wouldn't like to go to
 say why you wouldn't like to go there
 remember the rules of letter writing

You should write about 100 - 120 words.

Dear Alice,
 Thank you for your letter. I'm very glad to hear from you.
 You asking me about a city I have been to. This city is St. Peterburg. It's a nice city with many interesting and beautiful places. The centre of St. Peterburg is really nice. There are a lot of places to visit here.
 You asking me about a town I wouldn't like to go to. I think this town is Petrozavlovsk-Kamzhatsky. This town is situated in the east of Russia. This town is really 'grey'. There are a lot of big and 'grey' buildings here.
 Can you tell me some words about London. Is it beautiful?
 I'm sorry. My mum is waiting me.
 Best wishes,
 Alex

Hi my dear Alice, I'm very missing you...
 How was your trip? I think it was wonderful! On this weekend I went to VLADIVOSTOK, it is a fantastic city and I really want to there again.
 I want to tell you about the St. Peterburg. It is very big but it is nothing to do there. It is the city of old things. So it is very strange. So I don't like it, I think Love from Vadim. that you will enjoy reading this because I want you to know that it is not just a letter it all my love to you. Letter me later from Vadim with Love.

This is a part of a letter you have received from your British friend, Alice:

Write a letter answering your friend's questions

Do not forget to:

- greet your friend
- ask her questions about her trip
- tell him about a city or town you've been to
- tell him about a town you wouldn't like to go to
- say why you wouldn't like to go there
- remember the rules of letter writing

You should write about 100 - 120 words.

Hi, Alice! I'm glad to see you're writing to me again. Don't you afraid to ride this far or something? Wasn't you've been homesick for a little bit this weekend? I was at St. Petersburg for a few days, or I've really like it. It has amazing old buildings from Peter's First times. I won't like to go at my grandma's countryside again - I really just do not like that - cold, uncomfortable and isolate. You can't even talk to someone expect to and alone feeling follows you everywhere.

Dear Alice,
I'm really glad to get your letter and to know that you liked your trip.
Honestly, I would like to visit London too!
Last summer I have been to Kazan, the historical city. And it's true! This city is full of stories and legends. Its national dishes and traditions are very unusual. But I would like to visit also Ekaterinsburg. Probably, I want it because of the beautiful buildings of full of stories streets. Also this city is quite windy and as for me, it's bad.
So, I want you to send me a letter with describing your trip. Also tell me about the weather and food, I'm really interested in it.
Hope to get your letter soon,
4/2/22/1
your Kate.

Dear Alice,

Thank you for your letter!

You asked me about my "favorite" city. It is Saint Petersburg. It's the second capital of Russia. It has a very interesting history. The city was found by Peter I in the 18th century. There are a lot of interesting places for tourists. If you go there, you won't regret!

I would like to go in Vladivostok. I like sea that's why I want to go there. But I wouldn't like to go in Moscow. Although I went there. I don't like a crowd of people.

So what about you? What do you like in London? Weather? People?

Ah, I must to go now. Waiting for your letter!

 Great news! I hope that you enjoyed your trip. As for me, I have been to Sochi last year. It is amazing city with beautiful landscapes and a gorgeous seaside. You can find different wild animals living here.
 Frankly speaking, I think, that each city has its own places of interest. And if I can, I will visit all cities in Russia.
 Anyway, I should to go to school. I'm looking forward to hearing from you soon.
 Best wishes,
 Kate

Hello, my dear Alice!

You asked me about a Russian city I have been to. I spent my holidays in Moscow. I was very interesting and terrific! There are many wonderful places in Moscow. I saw the Kremlin, it's very beautiful and great. But I can't to answer on your second question about the town that I wouldn't like to go, because I like all the towns. But I want to visit Paris! It's a city of love. I like romantic stories about Paris, I saw many films about it. To conclude, I'd want to say that all the towns ~~all the world~~ are attractive, terrific, tremendous and interesting!

Thanks for your letter. How are you rest? Where did you have a rest? Whether it was pleasant to you there? I wait for your photos from trip!

I live in Khabarovsk, Russia. Here very much it is pleasant to me. There are a lot of sights and monuments. I wouldn't live in Moscow. There is a lot of city bustle, machine traffic jams. Also there aren't enough opportunities to find the place of work. There live many people in Moscow. I very much wait for news with you messages. Write me more often and respond to my letters.

Express your opinion on the following quotation:

"Education is a progressive discovery of our own ignorance."
Will Durant (U.S. historian)

Write 150-200 words:

Remember to:

- make an introduction,
- express your personal opinion on the problem and give reasons for your opinion,
- make a conclusion.

Will Durant, the great U.S. historian, has made a statement: "Education is a progressive discovery of our own ignorance."
I agree with this statement. The more we learn, the more things we can create, the more things we can understand and use, the more comfortable life we can have. Taking a look at world's history we can see the progress to the statement. By learning and using new knowledge we became a highly intellectual civilization in a short amount of time, being just wild tribes. The point is, that if we don't educate ourselves, we degenerate. I think education should be given to everyone to let every person understand who we are, which world we live in, and understand how should we should educate. Education helps us to develop our culture, to our humanity. Without education we could have stayed being wild silly animals. In conclusion I want to say, Will Durant was right: Education is a progressive discovery of our own ignorance.

One of the most famous philosophers of the Ancient Greece, Aristotle, once said: "the more we know about the world, the more we understand that we know almost nothing." I agree with the given phrase, cause Aristotle was a great scientist who discovered lots of useful physical laws and complicated geometric theories. So it is obvious, that such a bright mind could not say something wrong. Also it is known to me, that human being is an unlimited process of getting some knowledge and achieving some new levels of world science's abilities. So the more we live the more we ~~learn~~ learn, and those ones who don't want or can't develop their minds are going to fall into the endless hole of ignorance and fade like an old candle. All in all, everyone should have an ability to get high-level education, or humanity will never reach the limit of our planet, starting to slowly die inside.

A well-known historian from the U.S.A. Will Durant thinks that education is a discovery of our ignorance. Is he right or not? Of course, all people have different meanings and opinions on this topic. One of them believes that nowadays studying is the most important part of our lives. The others think that it is unnecessary because in future we will forget everything studied in school and so on...

My point of view is that people study during all their lives and, of course, it is important. First of all, education gives us the most necessary knowledge which will be with us for all our days till the last one. Moreover, education process helps us with socialization, friendship and lots of other life value

In conclusion I would like to say that all people should understand and remember that education is the biggest part of us. And also, we all should not forget about studying. To be a "big" human we should study always. Only in this way we could

In the modern world people have plenty ways of getting education. One of them is the Net, you can find everything by using it. But there is no human that knows everything, because the amount of knowledge is constantly grows. As famous scientist said: I know only one thing for sure - I know nothing.

I agree with Will Durant, because when we learn something new our area of knowledge widens, and if we compare ourselves with our past selves we would find out how ignorant we were at that time. Here is an example of it. In school, some pupils believe that they know everything, but when they get to higher grades and get new classes they find out that there is more things unknown. This process lasts our entire life, but only if we seek knowledge.

In the end, everyone will understand these words of Will Durant one day. Our entire life is the process of acquiring knowledge.
